THE SOFTWARE INCLUDES **FOUR** **POWERFUL** **MODULES TO** **ELEVATE YOUR** **ADVISORY** **SERVICES**

MODULE 1 **BENCHMARK SCORECARDS**

The Benchmark Scorecards provide a comprehensive business assessment across seven critical areas: Sales & Marketing, Strategy & Planning, Customer Satisfaction, Financial Stability, People & Leadership, Compliance & Risk Management, and Warning Signs. Using 68 targeted questions, advisors can benchmark businesses against industry standards to highlight strengths and improvement areas.

This tool delivers structured insights to help business owners optimize operations, mitigate risks, and ensure sustainable growth. Advisors can use this data-driven approach to offer strategic recommendations and position themselves as trusted consultants.

Why Advisors Love This: It provides an easy-to-use, structured framework to identify key business gaps and opportunities, helping advisors deliver high-impact, professional assessments with minimal effort.

MODULE 2 **GROWTH FUNNEL SALES CALCULATOR**

The 6-Way Funnel Profit Improvement Calculator helps advisors analyze and improve a business's sales pipeline by identifying key revenue growth opportunities. By inputting data such as conversion rates, customer numbers, and profit margins, this tool generates actionable insights that align with business goals.

It provides a comparative analysis of existing vs. forecasted data, identifies four key growth levers, and generates optimized revenue targets. Advisors can use this module to deliver clear, practical strategies that help clients increase profitability and efficiency. **Why Advisors Love This:** It transforms complex sales data into clear, actionable strategies, making it easier to engage clients and drive measurable financial improvements.

MODULE 3 **BUSINESS VALUATION CALCULATOR**

The DCF Business Valuation Calculator estimates a company's worth based on financial metrics and industry benchmarks. It evaluates revenue, profitability, growth rates, risk factors, and non-cash adjustments, offering business owners a clear picture of their valuation.

While this is not a formal business valuation, it provides a useful financial roadmap for decision-making. Advisors can use this tool to help clients assess market positioning, attract investors, and prepare for future growth. **Why Advisors Love This:** It enables advisors to provide clients with a quick, data-driven estimate of their business value, reinforcing their expertise and fostering deeper strategic discussions.

MODULE 4 **EXIT & SUCCESSION READINESS ASSESSMENT**

The Exit & Succession Readiness Assessment helps business owners prepare for a profitable exit or transition. It evaluates critical areas such as financial health, operational efficiency, client relationships, leadership succession, and compliance to determine readiness for sale.

By identifying potential risks and growth opportunities, this module ensures a business is strategically positioned for a successful transition. Advisors can use it to guide clients through the exit planning process, ensuring maximum value and seamless business handover.

Why Advisors Love This: It simplifies the complex process of business succession planning, allowing advisors to guide clients in maximizing their company's value before a sale or transition.
